Ref: Facility Inspection

To Whom It May Concern:

In the midst of a global pandemic during 2020 due to COVID-19 and under the guidance of the State of New Hampshire's Governors State of Emergency Executive Order of March 13, 2020, the Grafton County Department of Corrections took precautions within the facility to prevent any potential exposure and spread of the virus. With that declaration and in the best interest of everyone involved the Board of Commissioners opted not to physically tour the facility. It was decided instead that they would be kept apprised of ongoing operations and any irregularities remotely. The Board of Commissioners were very proactive and we routinely discussed facility operations during this time.
