

October 28, 2015

Director of Administration
Office of the Attorney General, State of New Hampshire
State House Annex
33 Capitol Street
Concord, NH 03301

Ref: Facility Inspection

To Whom It May Concern:

In accordance with RSA 30-B:12, Inspection of Correctional Facilities, please be advised that the Grafton County Board of Commissioners have visited the facility and have participated in several inmate events since my last report and have toured/inspected the facility on Tuesday October 27, 2015.

In addition to touring the facility the Commissioners routinely meet with me to discuss facility operations. The Commissioners have a genuine interest regarding inmate and staff related safety, security, programing and educational issues.

Grafton County Department of Corrections currently has a Community Corrections division, which includes the Work Release and Electronic Monitoring Programs and is the supervision authority for the Grafton County Drug Court.

If you require additional information or I may be of service please feel free to contact me.

Sincerely,

Tom Elliott, Superintendent

CC: Executive Director J. Clough
Deputy Attorney General A. Rice
