RE: Correctional Facility Inspections RSA 30-B:12

Dear Mr. Boffetti:

During the midst of the Covid-19 pandemic during 2020 and under the guidance of the State of New Hampshire's Governor's State of Emergency Executive Order of March 13, 2020, The Hillsborough County Department of Corrections took the necessary precautions within the facility to prevent any potential exposure and spread of the virus. With the state of emergency being declared, Commissioner Paul Bergeron (District 2) decided not to physically tour the facility prior to leaving office at the end of 2020. However, he was updated of the ongoing operations of the facility. The Board of Commissioners were updated of the operations of the facility as I routinely provided them with a Covid-19 Update during that time.

Sincerely,

Willie Scurry, Superintendent

Cc: Mr. Chad Monier, County Administrator
