Office of the Attorney General
Charitable Trust Unit
33 Capitol Street
Concord, NH 03301-6307

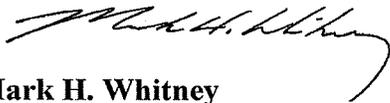

To Whom It May Concern:

On behalf of the operating affiliates of Exeter Health Resources, we do hereby submit three Community Benefit Reports for Fiscal Year 2013/2014 for Exeter Hospital, Core Physicians, and Rockingham Visiting Nurse Association & Hospice. These three affiliates are separate charitable trusts within the Exeter Health Resources healthcare system.

Each of the Community Benefit Reports reflect the tremendous effort the organizations, their employees, and our collaborators have put forth to improve the health of the communities served.

If you should have any questions or need greater detail, please contact me directly at 603.580.7437.

Sincerely,

Mark H. Whitney

VP of Strategic Planning / Community Relations / Fundraising
Exeter Health Resources, Inc.

Addendum

The Operating Affiliates of Exeter Health Resources Narrative Report of Community Benefits, FY 2014

The mission of Exeter Health Resources and its affiliates is to improve the health of the community. This mission will be principally accomplished without compromising Exeter Health Resources' sustainability by supporting the provision of health services and information to the community by the affiliated companies of Exeter Health Resources.

Throughout the past year Exeter Hospital, Core Physicians and Rockingham VNA & Hospice have continued the pursuit of this mission. During FY 2014 the affiliates provided \$24,098,293 in charity care and other community benefit programs and services to communities in the areas served. Since the inception of the community benefit reporting requirement in FY 2000, the affiliates of Exeter Health Resources have provided a total of \$281,920,128 in community benefits.

Exeter Hospital is a 100-bed, community-based hospital serving New Hampshire's Seacoast Region. The hospital's scope of care includes comprehensive medical and surgical health care services including, but not limited to: breast health, maternal/child and reproductive medicine, cardiovascular, gastroenterology, sleep medicine, occupational and employee health, oncology, orthopedics and emergency care services. Exeter Hospital is accredited by DNV Healthcare, Inc., and is a Magnet-recognized hospital. Magnet designation from the American Nurses Credentialing Center is the most prestigious distinction a health care organization can receive for nursing excellence and high quality patient care.

Core Physicians is a community-based, multi-specialty group practice affiliated with Exeter Health Resources that provides comprehensive primary, specialty and pediatric dental care throughout the greater Seacoast Region. Over 160 providers in 32 locations pursue exceptional patient satisfaction through clinical competence and professional office administration.

Rockingham Visiting Nurse Association & Hospice is a community-based, home health and hospice agency providing individuals and families with the highest quality home care, hospice and community outreach programs within Rockingham County and the surrounding towns of Barrington, Lee and Durham.

This addendum includes an overview of *some* of the affiliates' many community benefit services and programs that help to address needs identified in the 2013 Community Health Needs Assessment.

- Mental Health Care Access (Behavioral Health Care)
- Access to Primary Care
- Transportation
- Youth Suicide/ Substance and Prescription Drug Abuse
- Dental Care
- Health and Wellness Services
- Nutrition/ Obesity
- Elder Care and Support Services

The operating affiliates of Exeter Health Resources work collaboratively with numerous community agencies towards meeting the needs of the community. These relationships include but are not limited to:

Lamprey Health Care: In FY 2014 Exeter Hospital continued its financial support of Lamprey Health Care with a community benefit grant in the amount of \$380,000.

Lamprey Health Care is New Hampshire's oldest and largest private, non-profit community health center with locations in Newmarket, Raymond and Nashua. The organization serves over 16,500 patients of all ages each year. As a community health center, Lamprey provides primary care and health-related services to all individuals and families, regardless of insurance status or ability to pay. By focusing on prevention and health care management, Lamprey Health Care strives to keep insured and uninsured patients healthy.

Families First Health and Support Center: In FY 2014 Exeter Hospital made financial contributions to Families First in the amount of \$52,875.

Families First is a community health center offering a wide variety of health services and programs including primary care, prenatal care, dental care and mobile health care for the homeless.

New Heights (formerly known as New Outlook Teen Center): Exeter Hospital continued its support of New Heights in the amount of \$19,750.

New Heights is an experiential learning organization for youth in grades 5-12 and focuses on the development and leadership of exciting, high quality summer and year-round programs designed to unleash potential and open young minds to new possibilities. Programs include adventure, arts & culture, STEM and team building activities. New Heights serves upwards of 700 youth including those from Brentwood, East Kingston, Exeter, Kensington, Newfields and Stratham.

Mental Health Care Access

Seacoast Mental Health Center: Exeter Hospital partners with Seacoast Mental Health to offer mental health services to patients and their caregivers in the Emergency Department and the Center for Cancer Care. In FY 2014 Exeter helped to underwrite mental health services in the amount of \$405,461, serving 582 people.

Access to Primary Care

Exeter Hospital provided \$4,218,044 (calculated at cost) in charity care during FY 2014 which served 1,876 people.

Financial Assistance: Exeter Hospital has three components to its health care access program:

- The Uninsured Care Discount/Hospital Access Plus Program extends a 30% discount off total charges to self pay patients, based off the weighted average of the top 3 commercial plans.
- The Financial Assistance Program is a community-based program for uninsured and underinsured patients who meet specific income, geographical and other guidelines, and who do not otherwise qualify for any state or federal assistance.
- Exeter's Catastrophic Care Program provides financial relief for those patients who do not qualify for the Financial Assistance Program, but who are faced with a substantial debt due to a serious illness or injury. This program is calculated based on a percentage of the patient's gross income.

Telehealth Services: During FY 2014 Exeter Hospital provided \$315,597 in Telehealth monitoring services serving 8,193 persons.

Core Physicians offers a financial assistance program for patients who meet certain geographic and financial criteria. In FY 2014 Core provided \$1,342,724 (calculated at cost) in charity care which served 1,445 people.

Rockingham VNA & Hospice provided \$70,611 (calculated at cost) in charity care during FY 2014 which served 45 people.

The operating affiliates actively promote these programs through direct patient education, paid advertising and community partnerships.

Transportation

Exeter Hospital's transportation program is an important health care support service provided in response to an identified community need. Each year the program enhances access for hundreds of patients who otherwise would not be able to obtain needed health care and health related support services. During FY 2014 Exeter Hospital provided 2,466 transports at a cost of \$110,434.

Youth Suicide/ Substance and Prescription Drug Abuse

United Way of the Greater Seacoast: In FY 2014 Exeter Hospital made financial contributions to the United Way of the Greater Seacoast of \$18,750 specifically designated to support their efforts in youth substance abuse prevention and education services.

Dental Care

In FY 2014, Core Physicians donated its mobile dental van to St. Vincent DePaul to help provide dental services to the uninsured population. *(The dental van had a market value of \$30,300, but no book value.)*

Additional Community Benefit Programs and Services

Community Health Services

The operating affiliates of Exeter Health Resources continue to provide various support programs and services to improve the health and wellness of the community. These include but are not limited to:

Community Education Programs: Exeter Hospital provided community education services at an expense of \$235,588 serving 2,180 people.

Cancer Wellness and Diabetes Support Programs: During FY 2014 Exeter Hospital served 1,325 people in its cancer and diabetes programs at \$126,552.

Community Based Clinical Services: In FY 2014 Rockingham VNA & Hospice contributed \$30,978 towards serving 1,058 people with community based clinical services.

Research

The Center for Cancer Care at Exeter Hospital participates in several national research groups sponsored by the National Cancer Institute, which enables the Center to offer clinical trials to patients undergoing treatment at Exeter Hospital. These offerings allow patients to voluntarily take part in leading edge research that does not necessitate travel outside of the Seacoast area. During FY 2014 Exeter Hospital provided \$145,773 for clinical trials and research that served 601 patients.

Health Education

Through the health education program, students in various stages of their academic careers benefit from the experience of working with professional clinical staff. Agreements with Dartmouth-Hitchcock Medical School and the University of New England among others, allow medical students to pursue internships through Core Physicians' Exeter Pediatrics practice. A partnership with the Seacoast School of Technology allows high school juniors and seniors to explore future health career options available to them. Each year a large number of nursing students are given the opportunity to work alongside the excellent clinical staff of Exeter Hospital, Core Physicians and Rockingham VNA & Hospice.

During FY 2014 - 164 students participated in training and internship programs provided by the affiliates of Exeter Health Resources at a total cost value of \$1,379,217.
