RE: *Bulk Reef Supply*
Our File No. 04949.00106

Dear Attorney General Foster:

Pursuant to N.H. Rev. Stat. Ann. § 359-C:20, we are writing to notify you of a breach of security potentially involving 94 New Hampshire residents. We are submitting this notification on behalf of our client BulkReefSupply, Inc. ("BRS").

Nature Of The Security Breach

BRS is the owner and operator of an e-commerce website. On January 21, 2015, BRS Bulk Reef Supply was advised that the security of its website had been compromised and that the security of some customers' data was at risk. While the investigation is ongoing, it has been determined that the security of some data for some customers who logged into the website from July 30, 2014 until the site was secure may have been compromised. The information that was potentially compromised contained the individual's names, addresses, user names, passwords and credit card information. The individuals' information did not include social security numbers, personal health information or Federal IDs.

Pursuant to N.H. Rev. Stat. Ann. § 359-C:20, I (b), the 94 New Hampshire residents involved in this incident will be forwarded letters notifying them of this breach as soon as possible. The anticipated date of the notice to the affected New Hampshire individuals is February 17, 2015. A copy of the form letter is attached hereto.

BRS will also notify all consumer credit reporting agencies that compile and maintain files on consumers on a nationwide basis, as defined by U.S.C. section 1681a(p), of the February 6, 2015 anticipated

date of the notification to the consumers, the approximate number of consumers who will be notified, and the content of the notice. To obtain additional information about this breach, please contact the undersigned counsel for BRS.

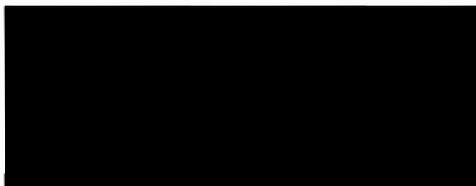

Steps Taken Relating To The Incident

BRS has been working continuously to understand the nature and scope of the incident. The intrusion was discovered on January 21, 2015 and the data compromise was contained and secured on January 22, 2015. A forensic expert was retained and determined that the intrusion began on or about July 30, 2014 and that the intrusion was contained on January 22, 2015. The intrusion has been isolated and stopped. Test searches were performed and it was confirmed that the problem was corrected and the site secured by end of the day on January 22, 2015.

Besides immediately securing the site and information in question, BRS has added additional protections to the locations of the personal information, put monitoring measures in place to insure this attack has been stopped and will not occur in the future. BRS is confident that the risk of any potential future or ongoing breach has been fully mitigated. BRS has notified the FBI and provided all the information about the incident.

BRS has also arranged to have Experian protect affected individuals' identity for one (1) year at no cost to them through its Experian ProtectMyID Alert. This service offers additional layers of protection including credit monitoring and a \$1 million identity theft insurance policy.

ADDITIONAL ACTIONS TO HELP REDUCE YOUR CHANCES OF IDENTITY THEFT

⇒ PLACE A 90-DAY FRAUD ALERT ON YOUR CREDIT FILE

An initial 90-day security alert indicates to anyone requesting your credit file that you suspect you are a victim of fraud. When you or someone else attempts to open a credit account in your name, increase the credit limit on an existing account, or obtain a new card on an existing account, the lender should take steps to verify that you have authorized the request. If the creditor cannot verify this, the request should not be satisfied. You may contact one of the credit reporting companies below for assistance.

⇒ PLACE A SECURITY FREEZE ON YOUR CREDIT FILE

If you are very concerned about becoming a victim of fraud or identity theft, a security freeze might be right for you. Placing a freeze on your credit report will prevent lenders and others from accessing your credit report entirely, which will prevent them from extending credit. With a security freeze in place, you will be required to take special steps when you wish to apply for any type of credit. This process is also completed through each of the credit reporting companies.

⇒ ORDER YOUR FREE ANNUAL CREDIT REPORTS

Visit www.annualcreditreport.com or call 877-322-8228.

Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

⇒ MANAGE YOUR PERSONAL INFORMATION

Take steps such as: carrying only essential documents with you; being aware of whom you are sharing your personal information with and shredding receipts, statements, and other sensitive information.

⇒ USE TOOLS FROM CREDIT PROVIDERS

Carefully review your credit reports and bank, credit card and other account statements. Be proactive and create alerts on credit cards and bank accounts to notify you of activity. If you discover unauthorized or suspicious activity on your credit report or by any other means, file an identity theft report with your local police and contact a credit reporting company.
