To the Parents or Guardian of

Throughout our 20-year history, Resnick Investment Advisors, LLC ("Resnick") has always considered the privacy and security of personal information to be of the utmost importance, and we take significant measures to protect it. As part of our business, we maintain records relating to various 401k, pension, custodial or other accounts opened by our clients. Your child's personal information was submitted to us for this purpose.

We are writing to you today because regrettably, in June 2010, we experienced an electronic intrusion of our computer network by an outside party. We have identified the means of the unlawful intrusion, and reported the incident to the FBI. We also have contacted our IT service provider who has assisted us in responding to this situation, and in taking the necessary and appropriate steps to further secure our computer network.

We have no evidence that any of our records were accessed, altered, or affected. We also have no reason to believe that any of your child's personal information was accessed by the intruders, and the controls in place on our network do not allow files to be downloaded. Our IT service provider's investigation leads us to believe that the motive of the intruder was not to access client records or other account information, but we are notifying you of this event in an abundance of caution.

Also in an abundance of caution, we are providing you with a complimentary one year membership in Family SecureSM from Experian®. Family Secure monitors your Experian credit report to notify you of key changes. In addition, Family Secure will tell you if your children have a credit report, a potential sign that credit has been issued in your child's name. Family Secure is completely free and will not hurt your credit score. To enroll in Family Secure please see page 2 of this letter. **IF YOU HAVE ALREADY ENROLLED IN FAMILY SECURE FOR ANOTHER FAMILY MEMBER, THERE IS NO NEED TO RE-ENROLL.**

Please be reassured that we have acted responsibly in handling this situation. We take privacy very seriously, and we are committed to fully protecting all of the information that has been entrusted to us. We have established a call center to address any questions you may have regarding this event; please call
