Dear Attorney General Delaney:

On June 6, 2011, Sovereign Bank (the "Bank"), a federally chartered savings bank, became aware of a situation involving two New Hampshire residents.

It was determined that a processing error resulted in adding the incorrect customer to an existing joint customer account. The affected information included the customer names, address and account number. The customers have been notified in writing. In a separate letter, the customers have also been offered a free credit monitoring service for one year. Copies of the letters are enclosed.

Please let me know if you have any further questions.

Sincerely,

Gayle M. O'Brien
VP/Chief Privacy Officer
