Ms. Hodgdon:

In accordance with RSA 30-B:12, the Merrimack County Board of Commissioners conducted its semi-annual inspection of the Merrimack County Department of Corrections and Community Corrections Center on May 25, 2021.

Upon review of management, the Board found all personnel appropriately attired, well dressed and spoke professionally with all random questions addressed thoroughly.

Upon review of the condition and cleanliness, the Board found the facility to be very clean, especially considering the population that is served and conditions of the showers in some of the units.

The Board recommends replacing some of the tile in the showers with stainless steel and some of the flooring needs repainting/refinishing.

In closing, the Board of Commissioners found the conditions to be acceptable.

The Board of Commissioners will continue to make scheduled as well as unannounced tours and inspections of the correctional facility.

If there are any questions, please do not hesitate to contact my office at the above number.

Sincerely,
